THINK PLACEMENT TEST GUIDE

THE LEVELS OF THINK

The six levels of *Think* take learners from A1 to C1 on the CEFR. There are twelve units in each level. Levels Starter to 3 are available as a split Combo version, containing six units of the Student's Book, with six units of the Workbook. Students can start the course at any point according to their current English language competence.

PLACEMENT TEST

The Placement Test has been designed to help teachers place students in the most appropriate class or to select the most appropriate level of *Think* for their class at the start of the course.

The test may also help teachers identify where groups of students or individuals may need extra support.

Award one point for each correct answer in the Grammar and Vocabulary, Functions, Listening and Reading sections and two points for each Dictation item.

Maximum points = 112. Interpret the scores as follows:
